

Serial No. 10/058,924  
Docket No. FJ-2001-041-US

13

**REMARKS**

Claims 1, 4, 6, 9, 10, and 14-42 are all the claims presently pending in the application. Claims 1, 15, and 19 have been amended to more particularly define the invention. Claims 2-5, 7, 8, 12, 13, 18, and 22 have been cancelled. Claims 14, 23-36, and 41 have been withdrawn as being unelected.

It is noted that the claim amendments are made only for more particularly pointing out the invention, and not for distinguishing the invention over the prior art, narrowing the claims or for any statutory requirements of patentability. Further, Applicants specifically state that no amendment to any claim herein should be construed as a disclaimer of any interest in or right to an equivalent of any element or feature of the amended claim.

In view of the foregoing amendment to the claims, and the arguments made in the Amendment filed on June 8, 2009, Applicants submit that claims 1, 4, 6, 9, 10, and 14-42, all the claims presently pending in the application, are patentably distinct over the prior art of record and are in condition for allowance. The Examiner is respectfully requested to pass the above application to issue at the earliest possible time.

Should the Examiner find the application to be other than in condition for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes deemed necessary in a telephonic or personal interview.
